2019 PREO International Research Conference
(2019 PREO-IRC)

February 22, 2019

Dear Researcher/Educator/Scholar:

The Pampanga Research Educators Organization, in partnership with the Don Honorio Ventura Technological State University, will be staging its 2019 PREO International Research Conference (2019 PREO-IRC) with the theme: *Humanizing Pedagogical Practices through Borderless Education: The Key to Knowledge Development and Collaboration* on May 24 – 26, 2019 at the Don Honorio Ventura Technological State University, Villa de Bacolor, Pampanga.

The 2019 PREO-IRC aims to be an avenue for educators and scholars from both the Basic and Higher Education to present their scholarly work in an academic forum. It paves the way towards strengthening social networks and inspiring collaborative research endeavors across disciplines in an international scale. Ultimately, it aims to enrich the research culture among academic institutions in the Philippines, and align its research trends with the world's.

In line with this, the organizing committee is pleased to invite you to participate in the 2019 PREO INTERNATIONAL RESEARCH CONFERENCE. For your reference, we have attached with this letter the important details regarding the conference.

We are confident that your participation will significantly contribute to the overall success of this event. Should you have any questions or concerns, do not hesitate to get in touch with us thru our secretariat at mobile number: +63943-455-4177 or Email: preoirc2019@preo.org.ph.

Very Truly Yours,

CONFERENCE AIM

The tremendous changes in the landscape of the industries, government, and the academe necessitate for more thorough and timely research works that will benefit individuals and the society in general. With the continuous evolution of technology, the need for quality and responsive research studies is imperative. With the various problems in the society, people in the academe must take part in providing solutions to these ills to better the living standards of the people.

In such endeavor, humanizing pedagogical studies through borderless education and open science must be adhered in providing for novel solutions to the complexity of individual and societal problems. The need for collaboration and alliance between and among different disciplines to generate new knowledge is the ultimate key to address various societal dilemmas. Gone are the days when solutions are generated only by a specific discipline. Today, solutions to complex problems need various perspectives.

The 2019 PREO-IRC aims to be an avenue to present research works of educators and scholars both in the Basic Education and Higher Education sectors. This academic event is an excellent setting to network and collaborate with other scholars from different disciplines and from different parts of the world. The ultimate goal of this conference is to enrich the research culture among academic institutions in the Philippines and to be updated with the recent developments in research.
